

THE CITY OF SAN DIEGO

June 15, 2011

*Termination of City-Provided Refuse Collection Services*

Dear Business Customer:

This letter is to advise you the City Council has approved the termination of City-provided commercial refuse and recycling collection services effective July 1, 2011 as part of the City's final Fiscal Year 2012 budget.

According to our records, the City is currently providing weekly refuse collection services, and possibly bi-weekly recycling collection services, to your business. This service will be discontinued effective July 1, 2011.

The City will retrieve all City-owned automated waste containers beginning in July. We advise you to contract with one of the City's eleven franchised haulers for your waste removal service needs as soon as possible. A list of those haulers is attached to assist you in selecting a new service provider.

Sincerely,

Chris Gonaver  
Environmental Services Director

Attachment: List of San Diego Franchised Haulers
